Sales Comment

September 2026 same-store sales including online sales increased by 10.8 % year on year while total sales including online sales increased by 9.9 %.
Same-store sales generated double-digit year-on-year growth in September after the temperature dropped and Fall Winter products sold well.

Other Information

On September 24, we opened the UNIQLO Grand Arcade store, our first store in Cambridge, UK. On September 25, we opened the newly renovated and extended UNIQLO Arcakit Kinshicho extra-large store in Japan and our sixth store in Manhattan, New York, the UNIQLO World Trade Center store.

Four stores that were temporarily closed for over a week during September were excluded from the same-store sales calculation. This included three stores in Kumamoto Prefecture affected by the July 28 Kumamoto earthquake, and one store in Chiba Prefecture affected by the August 13 heavy rainfall.
